One is to offer something away at no cost along with your e-book, equivalent to a beneficial bonus item. Or bundle a number of ebooks beneath one value, which lowers the worth for each ebook in the event that they were offered separately.

An efficient method for figuring out a price is to send out a survey to your current customers. If these prospects have already purchased an e-book from you, ask for his or her opinion when it comes to price. Do this by making a sales page for the new book, however do not embrace a worth on that page. As a substitute, add numerous links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to test out prices by creating a number of duplicate sales pages with different costs on each page. Make sure your sales copy is strictly the similar on every web page,

and includes your promoting-deal with sentence. Then figure out for each page the conversion ratio between visitors to your site and sales of your book. This can tell you what your optimum price is.

In the end, should you've written a guide that solves a problem or presents a brand new approach, your book will bring in each traffic and profits.
