An efficient approach for determining a price is to ship out a survey to your current customers. If these prospects have already bought an e book from you, ask for his or her opinion in terms of price. Do this by creating a gross sales web page for the brand new book, but do not embody a value on that page. As a substitute, add numerous hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Make sure your sales copy is precisely the identical on every web page, and contains your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your site and gross sales of your book. This will inform you what your optimum worth is.
