One other technique is to check out prices by creating a number of duplicate sales pages with different prices on each page. Make certain your gross sales copy is precisely the identical on

every page, and contains your promoting-handle sentence. Then figure out for every web page the conversion ratio between guests to your website and sales of your book. This can inform you what your optimum value is.

Finally, if you've written a e book that solves a drawback or presents a new method, your ebook will bring in both visitors and profits.
