Another technique is to check out prices by creating a variety of duplicate sales pages with completely different prices on each page. Ensure that your gross sales copy is precisely the same on

every web page, and contains your promoting-handle sentence. Then figure out for every web page the conversion ratio between guests to your website and gross sales of your book. This will inform you what your optimum price is.

Finally, should you've written a guide that solves a problem or presents a new method, your e-book will herald each traffic and profits.
