piece of gross sales and promotional material, and every time anyone asks you about your ebook.

In addition to selling your books assiduously on-line, there are a number of other methods that may make it easier to promote more books.

One is to offer something away without spending a dime with your book, comparable to a worthwhile bonus item. Or bundle a number of ebooks under one price, which lowers the price for every ebook if they were offered separately.

An efficient approach for figuring out a value is to ship out a survey to your present customers. If these prospects have already bought an ebook from you, ask for his or her opinion in terms of price. Do that by making a gross sales web page for the brand new guide, however don't embody a price on that page. One other technique is to test out costs by making a number of duplicate gross sales pages with different prices on every page. Make sure your sales copy is precisely the identical on each web page, and includes your selling-handle sentence. Then determine for every web page the conversion ratio between visitors to your website and sales of your book. It will inform you what your optimum value is.
