excessive sales at a excessive price. If your e-book solves an issue or answers questions in a new and distinctive means, you should worth your book as excessive as you possibly can go. If you wish to see large profits over buyer draw, intention for an viewers that's on the lookout for simple options to their problems at a low price. If your guide is geared toward solving one explicit downside quite than normal recommendation, then you'll be able to charge more. Start at the highest value the market will bear to usher in the largest profits, and plan to discount the e-book a variety of times throughout the year.

sales and promotional materials, and every time anyone asks you about your ebook.
