Then be sure you use that sentence in every piece of gross sales and promotional materials, and every time anybody asks you about your ebook.

An efficient approach for figuring out a value is to ship out a survey to your current customers. If these prospects have already bought a book from you, ask for their opinion when it comes to price. Do this by creating a sales web page for the new ebook, but do not embrace a value on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out prices by making a number of duplicate sales pages with completely different prices on each page. Be sure that your sales copy is strictly the identical on each web

page, and consists of your promoting-deal with sentence. Then figure out for every web page the conversion ratio between guests to your website and gross sales of your book. This can tell you what your optimum value is.

In the end, when you've written a e book that solves a drawback or presents a new method, your guide will bring in both visitors and profits.
