Determine if your purpose is to get large distribution and most exposure. This goal is aimed at drawing customers to what you are promoting or service, or to establishing the credibility of your reputation. If that is your foremost goal, it's best to aim to maintain your price on the low side. Some authors have even priced their ebooks at a profit loss to attract a high number of new customers. The bottom line is to find a worth that maximizes your earnings and the variety of books you sell.

This is a superb pricing technique if you are trying to acquire lengthy-time period customers. Long-

term customers are extremely seemingly to buy from you once more and once more ? so long as the primary e-book they buy is of distinctive quality and beneficial to the customer.

After you determine your purpose, you must determine what your viewers's want is for your ebook. For instance, does your e-book clear up a selected drawback? If it does, and solves it in a manner that hasn't been written about in one hundred other ebooks, you can be in a position to obtain high sales at a high price. If your book solves a problem or solutions questions in a brand new and distinctive means, it is best to price your ebook as excessive as you can go. If you want to see massive income over buyer draw, aim for an audience that's in search of simple options to their problems at a low price. In case your e book is geared toward fixing one explicit

problem fairly than common recommendation, then you possibly can cost more. Begin at the highest value the market will bear to herald the largest earnings, and plan to discount the e-book a number of instances throughout the year.

An efficient technique for figuring out a value is to ship out a survey to your current customers. If these customers have already purchased an e-book from you, ask for their opinion when it comes to

price. Do this by creating a gross sales page for the new ebook, but do not embrace a price on that page. As a substitute, add a lot of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another technique is to test out prices by making a variety of duplicate gross sales pages with completely different prices on every page. Ensure your sales copy is exactly the same on every web page, and includes your selling-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your site and sales of your book. This may inform you what your optimum worth is.

In the end, when you've written a guide that solves a problem or presents a brand new technique, your book will herald each traffic and profits. So you'll want to write that selling-handle sentence that sums up what downside your e book solves and what the benefits of your 188 book will probably be to the customers who purchase it.
