An efficient method for determining a worth is to ship out a survey to your current customers. If these customers have already bought an book from you, ask for his or her opinion in terms of price. Do this by making a sales web page for the new e book, but do not embody a price on that page. As a substitute, add a variety of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to check out costs by making a variety of duplicate gross sales pages with different costs on each page. Be sure your sales copy is strictly the identical on every page, and consists of your selling-handle sentence. Then work out for every web page the conversion ratio between visitors to your website and sales of your book. This may inform you what your optimum price is.

Ultimately, for those who've written a ebook that solves a drawback or presents a brand new

approach, your book will herald both visitors and profits. So be sure to write that promoting-handle sentence that sums up what problem your ebook solves and what the benefits of your 2327 book might be to the customers who purchase it. After which watch your market come to you!
