Another technique is to test out prices by making a variety of duplicate gross sales pages with completely different prices on each page. Be certain that your gross sales copy is exactly the same

on each page, and consists of your selling-handle sentence. Then figure out for every web page the conversion ratio between visitors to your site and gross sales of your book. This may inform you what your optimum value is.

In the end, when you've written a guide that solves a downside or presents a brand new method, your ebook will herald each site visitors and profits.
