Besides promoting your books assiduously on-line, there are a number of other strategies that may allow you to sell more books.

One is to provide one thing away free of charge together with your book, akin to a invaluable bonus item. Or bundle a number of ebooks under one value, which lowers the worth for every e-book if they had been sold separately.

An effective approach for determining a worth is to ship out a survey to your present customers. If these clients have already bought an book from you, ask for their opinion when it comes to price. Do this by creating a sales page for the new e book, however don't include a value on that page. As a substitute, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to test out costs by making a number of duplicate gross sales pages with completely different costs on each page. Make certain your sales copy is strictly the same on each web page, and includes your promoting-handle sentence. Then work out for every web page the conversion ratio between guests to your web site and sales of your book. This can inform you what your optimum worth is.

Finally, if you happen to've written a guide that solves a problem or presents a new method, your ebook will usher in both visitors and profits. So be sure to write that promoting-handle sentence that sums up what downside your e book solves and what the benefits of your 2611 e book will be to the shoppers who purchase it.
