The key that unlocks the gross sales potential of your book is to find a single sentence that becomes your promoting handle. This sentence states what question or downside your e book answers and the advantages your e-book can provide. Then remember to use that sentence in each piece of

One other technique is to check out costs by creating a variety of duplicate sales pages with completely different costs on each page. Be certain that your gross sales copy is precisely the similar on every page, and contains your promoting-handle sentence. Then figure out for every page the conversion ratio between visitors to your web site and gross sales of your book. This may inform you what your optimum price is.
