One is to offer something away without spending a dime with your guide, corresponding to a priceless bonus item. Or bundle a number of ebooks below one price, which lowers the value for each ebook if they have been sold separately.

An efficient method for determining a price is to ship out a survey to your current customers. If

these customers have already bought an e book from you, ask for his or her opinion when it comes to price. Do that by creating a sales page for the new book, but don't embrace a worth on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to check out prices by making a variety of duplicate sales pages with different prices on each page. Be certain that your gross sales copy is exactly the same on every page, and consists of your promoting-deal with sentence. Then work out for every page the conversion ratio between guests to your site and gross sales of your book. This may let you know what your optimum worth is.

Ultimately, in case you've written a book that solves a problem or presents a brand new method, your e-book will bring in both site visitors and profits. So you should definitely write that selling-handle sentence that sums up what drawback your ebook solves and what the advantages of your 375 e-book might be to the shoppers who purchase it.
