After you determine your aim, it's essential to determine what your audience's need is for your ebook. For example, does your guide resolve a selected problem? If it does, and solves it in a method that hasn't been written about in one hundred other ebooks, you will be able to obtain high gross sales at a high price. In case your guide solves an issue or answers questions in a new and

If these customers have already purchased an e book from you, ask for their opinion when it comes to price. Do that by making a sales page for the brand new ebook, however do not embody a value on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another technique is to check out prices by making a number of duplicate sales pages with completely different prices on each page. Make certain your gross sales copy is precisely the same on each

page, and consists of your promoting-handle sentence. Then determine for every page the conversion ratio between guests to your website and sales of your book. This will tell you what your optimum value is.

In the end, if you've written a guide that solves a problem or presents a new approach, your guide will bring in both site visitors and profits.
