One is to present one thing away without spending a dime together with your e book, comparable to a worthwhile bonus item. Or bundle several ebooks below one value, which lowers the price for each e book if they have been bought separately.

An efficient method for figuring out a value is to ship out a survey to your current customers. If these clients have already bought an e book from you, ask for his or her opinion in terms of price. Ensure that your gross sales copy is strictly the identical on every page, and contains your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your web site and gross sales of your book. This can tell you what your optimum price is.

Ultimately, in case you've written a e book that solves a problem or presents a new technique, your

book will herald both site visitors and profits. So make sure you write that selling-handle sentence that sums up what problem your e-book solves and what the benefits of your 652 book shall be to the shoppers who buy it. And then watch your market come to you!
