Do that by making a gross sales page for the brand new e book, however don't embrace a price on that page. Another technique is to check out costs by making a number of duplicate sales pages with totally different costs on each page. Be certain your sales copy is precisely the same on each web page, and contains your selling-deal with sentence. Then determine for every page the conversion ratio between guests to your website and gross sales of your book. It will tell you what your optimum value is.

In the end, if you've written a e-book that solves a problem or presents a brand new technique, your e-book will usher in both site visitors and profits.
