and promotional materials, and every time anyone asks you about your ebook.

Another strategy is to test out costs by making a number of duplicate gross sales pages with totally different costs on each page. Be certain that your gross sales copy is strictly the similar on every web page, and includes your promoting-deal with sentence. Then figure out for every page the conversion ratio between visitors to your site and sales of your book. This can tell you what your optimum worth is.

Finally, for those who've written a book that solves a downside or presents a new method, your book will bring in both visitors and profits.
