Do this by creating a gross sales web page for the new e-book, however don't include a value on that page. Another strategy is to check out prices by creating a variety of duplicate sales pages with completely different costs on every page. Make sure your sales copy is strictly the same on every

page, and consists of your selling-deal with sentence. Then determine for every web page the conversion ratio between guests to your website and sales of your book. This can let you know what your optimum value is.

Ultimately, when you've written a ebook that solves a drawback or presents a brand new method, your e book will herald both visitors and profits.
