One other strategy is to test out prices by creating a number of duplicate gross sales pages with completely different costs on every page. Ensure your gross sales copy is precisely the similar on every web page, and includes your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your website and sales of your book. This will let you know what your optimum worth is.

Finally, if you happen to've written a guide that solves a drawback or presents a new technique, your e-book will usher in both visitors and profits.
