Advertising Methods

The key that unlocks the sales potential of your ebook is to find a single sentence that becomes your selling handle. Then remember to use that sentence in every piece of gross sales and promotional material, and every time anybody asks you about your ebook.

In addition to selling your books assiduously on-line, there are several different methods that can make it easier to sell more books.

One is to provide one thing away for free with your e book, comparable to a worthwhile bonus item. Or bundle several ebooks under one value, which lowers the price for every e-book if they had been bought separately.

An effective technique for figuring out a price is to ship out a survey to your current customers. If these clients have already bought an e-book from you, ask for their opinion when it comes to price. Do this by making a gross sales page for the new e book, but don't embrace a value on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to check out costs by creating a variety of duplicate gross sales pages with completely different prices on every page. Ensure that your sales copy is precisely the same on each page, and includes your selling-handle sentence. Then figure out for each web page the conversion ratio between visitors to your site and gross sales of your book. This can tell you what your optimum worth is.

Ultimately, in the event you've written a book that solves a downside or presents a brand new

method, your book will bring in each traffic and profits. So you'll want to write that selling-deal with sentence that sums up what downside your e-book solves and what the advantages of your 829 e-book can be to the customers who purchase it. And then watch your market come to you!
