Apart from promoting your books assiduously on-line, there are several different methods that can help you sell more books.

One is to offer something away at no cost along with your ebook, akin to a helpful bonus item. Or bundle several ebooks below one value, which lowers the value for every ebook if they had been bought separately.

An efficient method for figuring out a price is to send out a survey to your current customers. If these prospects have already bought an e-book from you, ask for his or her opinion by way of price.

Do that by making a gross sales page for the brand new e book, but don't embrace a value on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another strategy is to check out prices by making a number of duplicate gross sales pages with totally different prices on each page. Ensure your gross sales copy is precisely the similar on each web page, and consists of your promoting-handle sentence. Then determine for every page the conversion ratio between guests to your web site and gross sales of your book. It will let you know what your optimum worth is.

Finally, for those who've written a e-book that solves a downside or presents a new technique, your e-book will usher in each traffic and profits.
