Another strategy is to check out costs by making a variety of duplicate gross sales pages with completely different costs on each page. Make sure that your gross sales copy is strictly the same

on every web page, and consists of your selling-handle sentence. Then determine for each page the conversion ratio between guests to your site and sales of your book. This may tell you what your optimum value is.

Ultimately, for those who've written a e-book that solves a downside or presents a brand new method, your book will herald both visitors and profits.
